--	---

B. TRAINING OBJECTIVES AND LEARNING OUTCOMES

I. Training objectives

1. General objectives

The training program is to provide bachelors of English with the political and ethical qualities of serving the people; the perfect health to meet the requirements for developing and protecting the country; adequate knowledge of culture and society, language skills, and soft skills in order to work or study in an English environment; and lifelong learning goals that meet the social and economic demands of international integration.

2. Specific objectives

2.1 Knowledge

G1: The training program provides students with three blocks of essential knowledge for future work and lifelong learning goals. In particular, the program equips students with knowledge of politics, law, culture, and society, enabling them to function effectively in a multicultural environment, along with career-oriented professional and specialized knowledge. With their deep knowledge of languages, students will use English fluently at work as well as in their further studies and education.

2.2. Skills

Bachelors of English will be able to:

G2: apply linguistic, cultural, and social knowledge to communication in foreign languages and in professional activities to solve problems raised during work and research;

G3: develop behavioral skills, computer skills, and other soft skills (teamwork, situation handling, presentations, event organization, etc.) for work and lifelong learning goal;

G4: initially learn and apply scientific research skills such as analysis, synthesis, and evaluation in the fields of language, literature, social culture, and translation;

G5: work in domestic and foreign units in foreign affairs, commerce, tourism, services, communication, journalism, translation, overseas education consulting, etc. In addition, after participating in pedagogical training courses, students can teach English at foreign language centers, high schools, and etc.

2.3. Attitudes

G6: The curriculum develops learners’ political qualities and professional ethics with a sense of community service.

II. Learning outcomes

2.1. Knowledge

2.1.1. General Knowledge

LO1. Knowledge of basic principles of Marxism-Leninism, Ho Chi Minh’s ideology, and revolutionary guidelines of the Communist Party of Vietnam; knowledge of social sciences and humanities, general law, and information technology to meet the requirements of acquiring specialized knowledge and working.
